CONTACT INFORMATION	<p>Department of Statistics Indiana University Informatics East 104 Bloomington, IN 47408</p>	<p>phone: (812) 855-7828 email: <a href="mailto:dajmcdon@indiana.edu">dajmcdon@indiana.edu</a> www: <a href="http://pages.iu.edu/~dajmcdon/">http://pages.iu.edu/~dajmcdon/</a></p>
RESEARCH INTERESTS	Machine learning; risk estimation; computational approximations; time series; applications in economics, biology, chemistry, finance and music	
EDUCATION	<p><b>Carnegie Mellon University</b>, Pittsburgh, Pennsylvania USA</p> <p>Doctor of Philosophy in <b>Statistics</b>, May 2012 <b>Dissertation:</b> “Generalization error bounds for time series” <b>Advisors:</b> <a href="#">Cosma Shalizi</a> and <a href="#">Mark Schervish</a></p> <p>Master of Science in <b>Statistics</b>, May 2008</p> <p><b>Indiana University</b>, Bloomington, Indiana USA</p> <p>Bachelor of Arts, <b>Economics</b>, summa cum laude, May 2006</p> <p>Bachelor of Science in <b>Music</b> (Cello) and an Outside Field (<b>Mathematics</b>), magna cum laude, May 2006</p>	
ACADEMIC APPOINTMENTS	<p><b>Associate Professor of Statistics</b> (with Tenure), 2018 – <a href="#">Indiana University</a>, College of Arts and Sciences, Bloomington Core faculty, Department of Statistics, Program on Data Science Adjunct Faculty, Department of Computer Science Affiliate, Center for Algorithms and Machine Learning</p> <p><b>Visiting Associate Professor of Econometrics and Statistics</b>, 2018 – 2019 <a href="#">The University of Chicago Booth School of Business</a></p> <p><b>Assistant Professor of Statistics</b>, 2012 – 2018 <a href="#">Indiana University</a>, College of Arts and Sciences, Bloomington</p> <p><b>Graduate Research and Teaching Assistant</b>, 2007 – 2012 <a href="#">Carnegie Mellon University</a>, Department of Statistics, Pittsburgh</p>	
AWARDS AND HONORS	<p>National Science Foundation CAREER Award, 2018</p> <p>Indiana University Trustees’ Teaching Award, 2017</p> <p>Umesh Gavasakar Memorial Thesis Award, 2012</p> <p>American Statistical Association, Pittsburgh Chapter Student of the Year, 2012</p>	
PEER-REVIEWED PUBLICATIONS	<p>HOMRIGHAUSEN, D., AND McDONALD, D.J. (2019+), “Compressed and penalized linear regression,” <i>Journal of Computational and Graphical Statistics</i>, (in press).</p> <p>KHODADADI, A., AND McDONALD, D.J. (2019), “Algorithms for estimating trends in global temperature volatility,” in <i>Proceedings of the 33rd AAAI Conference on Artificial Intelligence (AAAI-19)</i>, eds. P. V. Hentenryck and Z.-H. Zhou, <a href="#">Association for the Advancement of Artificial Intelligence</a>.</p>

“Nonparametric risk bounds for time-series prediction,” Bocconi University, Department of Decision Sciences, 2012

“Nonparametric risk bounds for time-series prediction,” Indiana University, Department of Statistics, 2012

“Estimating beta-mixing coefficients,” 14<sup>th</sup> International Conference on Artificial Intelligence and Statistics, 2011

“Estimating beta-mixing coefficients,” American Statistical Association, Pittsburgh Chapter Annual Meeting, 2011

“Spectral approximation methods: performance evaluations in clustering and classification” The Classification Society Annual Meeting, 2011

“Generalization error bounds for state-space models with an application to economic forecasting,” Joint Statistical Meetings, 2010

INDUSTRY  
EXPERIENCE

**Alvarez & Marsal**, New York, New York

Statistical Consultant, 2010

Developed methodology to predict membership cessation for a chain of fitness clubs throughout the Northeast.

**Federal Reserve Bank of St. Louis**, St. Louis, Missouri

Research Associate, 2006–2007

Provided research support for 2 economists’ research projects intended for publication

PROFESSIONAL  
SERVICE

Associate Editor, Reviews

*Journal of the American Statistical Association*

*The American Statistician*

Program Committee

*Conference on Uncertainty in Artificial Intelligence (UAI)*

*International Conference on Artificial Intelligence and Statistics (AISTATS)*

*International Conference on Machine Learning and Statistics (ICML)*

Referee

*Electronic Journal of Statistics, IEEE Transactions on Information Theory, International Conference on Learning Theory (COLT), International Conference on Neural Information Processing Systems (NeurIPS), Journal of the American Statistical Association, Journal of Business and Economic Statistics, Journal of Machine Learning Research, Journal of Optimization Theory and Applications, Journal of Statistical Computation and Simulation, Statistics and Computing, Technometrics*

Grant Reviewer

*Institute for New Economic Thinking*

*Division of Mathematics and Statistics, National Science Foundation*

Memberships

*American Statistical Association, Institute of Mathematical Statistics, Bernoulli Society*
